## Tanner Krolle York Slim Line Computer Case

**Maybe it's a tad early for 'Mad Men', but there's definitely something retro about Tanner Krolle's new 'York Slim Line Computer Case'.**

Available in either Cognac or Black vegetable-tanned leather or soft waxed calf, the 24cm x 37cm x 10cm case is the perfect companion for the busy traveller. Its stylish but old-fashioned credentials come from a classic design in Tanner Krolle's back-catalogue: the 1950s document case.

Inside, all the essential paraphernalia of modern living has its place: laptop, charger, notepad, pens, business cards and BlackBerry or iPhone. The sturdy double zip maintains security while the high-quality, solid brass fittings are palladium-plated.

The new York Slim Line Computer Case costs £1250.00. For further information, visit [www.tannerkrolle.com](http://www.tannerkrolle.com).
