At the famous Hôtel de Paris in Monaco, Maserati enthusiasts are able to spend the night immersed in the legacy of the Trident. The Maserati pop-up suite will be available until 30 September 2016...

Since Juan Manuel Fangio's victory in the principality at the wheel of his 250F in 1957, Monaco has been a special place for Maserati. Now the connection is being celebrated with a Maserati-themed pop-up suite at the legendary Hôtel de Paris. The spacious sea-view rooms were created by the Italian interior designers Ludovica and Roberto Palomba. Those who book the suite will receive airport transfers in a Maserati, and a Gran Cabrio for jaunts around the region. For two guests, the package is priced at 3,500 euros.
