[The plot thickens in The Iso Rivolta Chronicles](#)

Lead

In the second and third instalments of 'The Iso Rivolta Chronicles', we gain further insight into the storied past of this most enigmatic of automotive firms — some of which may surprise, all of which are guaranteed to intrigue...

The Chronicles continue

It may be the thumping V8-engined GT cars that Iso is best known for, but the industrious Italian marque also saw the future in scooters and motorbikes, and ultimately created an alignment with a powerful competitor...

Episode three documents the introduction of the legendary Iso GT car, the GT300, and discusses how aspirations of America influenced the Italian firm.
