

CLASSIC DRIVER

[This Alfa Romeo Disco Volante Spyder proves green is great again](#)

Lead

Carrozzeria Touring's modern reinterpretation of the Alfa Romeo Disco Volante is already one of the most beautiful cars of the 21st century. But this Spyder finished in British Racing Green has left us entirely speechless...

The Alfa Romeo Disco Volante by Carrozzeria is not only among the most beautiful cars of our time, but also the rarest. Only eight coupés and seven convertibles were made entirely to measure and according to the exact wishes of their owners. At the beginning of November, we were stunned when [a hard-top Disco Volante finished in Blu Largo](#) and featuring yacht-like teak trim inside emerged in the Classic Driver Market. Now, another 'Flying Saucer' has taken our breaths away – at Niki Hasler in Basel, this Alfa Romeo Disco Volante Spyder, which was completed just this year, is [now available for sale](#).

Painted in the timeless shade of British Racing Green and equipped with a green Alcantara interior and matching luggage set, the fourth of the seven Disco Volante Spydery is a truly gorgeous sports car and the best advocate for the Make Green Great Again campaign since our very own [Aston Martin DB11 Classic Driver Edition](#).
