Lead

The sought-after suitcases from Floyd not only roll on skateboard wheels, but they also impress as bowling balls, as this wonderfully fun video shows...

We already knew that [Floyd's wheeled travel cases are inspired by the California skate culture of the 1970s](#) but what's new is how effective the casual cases from Munich are as bowling balls. Given the incredible softness of the polyurethane wheels, perhaps it was too obvious. In any case, we're already looking forward to the next Floyd success stories – on the roller-skating rink, at the Daytona 24 or maybe even on the ice at the Cresta Run? Keep rolling!
