[The Aston Martin DB7 is now a future classic - and these 12 are for sale](#)

Lead

Threading the line perfectly between sophisticated looks and a thrilling drive, Aston Martin's DB7 is a car that's ageing like a fine wine, in our humble opinion anyway. If you're still not convinced, maybe these 12 examples will sway you...

30 whole years have passed since [Aston Martin's](#) first customer DB7s hit the open road, and since then, we are struggling to find a car from the brand that oozes understated style quite like this grand tourer does. It was a car that was built as quite literally a make-or-break vehicle, with financial issues littering Aston Martin during this time, the Ian Callum-designed DB7 stood tall, and became a staple for the brand. Over its decade-long life span, over 7,000 examples had been sold, making it one of the most popular Astons of all-time. After a period of neglect, it seems the popularity is back on the rise for the DB7, and we firmly believe a well-kept example will become a classic of the near future!

Here are 12 perfect Aston Martin DB7s from the Classic Driver Market:
