Audi TT S-Line

To complement its latest TT model, Audi has announced two S-Line packages to make the stylish coupe even more desirable. The S-Line sports package and S-Line exterior package are available for the 2.0 TFSI and the 3.2 V6 quattro and can also be combined with each other. The European prices are from EURO 1,800 (sports package) and EURO 1,300 (exterior package).

S-Line Sports Package

The S-Line sports package combines sports suspension (with a 10-millimetre lower ride height) with 18" aluminium wheels of 5-spoke design, or as an option, 19" aluminium wheels of 20- or 7-twin-spoke design. Inside the car are sports seats upholstered in a combination of cloth and leather or optionally Fine Nappa leather, each embossed with the S line logo. A shortened gear lever reduces shift travel on the manual version; the gear knob is trimmed in perforated leather.

Also included in the sports package: the S-Line leather sports steering wheel, extended aluminium look for the interior and the S-Line logo on the door sill trims and front wings. The exclusive exterior colours Misano Red and Avus Silver can be ordered with the sports package at the same price as metallic / pearl effect paintwork.

S-Line Exterior Package

The characteristic features of the S-Line exterior package are the distinctive bumpers at the front and rear and side ventilation grilles at the front. The diffuser insert at the rear and the centre front spoiler lip are in colour-contrasting platinum grey. S-Line logos are also included.
