Limited-Edition Watches from Hackett and TAG Heuer

Titled simply the ‘Watch’ and the ‘Chronograph’, two new men’s timepieces are the result of a collaboration between iconic British brand Hackett London and the Swiss watchmaker TAG Heuer.

Both watches will be limited to just 100 pieces each, and both carry **Hackett’s** signature ‘Cornflower Blue’ colour on the second hand, edging round the date window and contrasting stitching on the calfskin strap.

They are based on **TAG Heuer’s** classic (39mm diameter for the **Watch**, 41mm for the **Chronograph**) **Carrera** model and carry an inscription on the reverse, ‘**Hackett Limited Edition**’. The trademark ‘H’ logo appears at the 12-o’clock position on the Watch.

The **Watch** is water-resistant to 50m, the **Chronograph** to 100m. Both will be available in selected **Hackett** stores from November priced at £2350 (**Chronograph**) and £1450 (**Watch**).
