## The Mustang Garage: Belgian 'Horse Whisperer'

Few cars produced by the Ford Motor Company in its 110-year history have as loyal a following as the Mustang. Classic Driver dealer 'The Mustang Garage' in Belgium is solely dedicated to the famous 'Pony Cars'.

At the age of eight, Adelbert Engler already had the 'Mustang bug'. As an adult, he owns a company in Heusden-Zolder that carries a fine selection of Mustangs ranging from early convertibles to powerful Mach 1s.

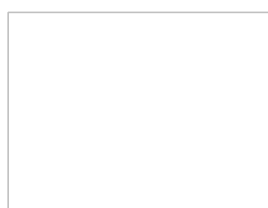

There's also a rare 1966 Shelby GT350 in the colours of the Hertz car rental company. Do take a look for yourself...
