Lead

First the barn find, now the pool find. In the September issue of the American magazine 'Interview', Naomi Campbell poses next to an unusually placed Porsche 944 for photographic duo Mert & Marcus...

The trend for 'car pooling' isn't new, however. In 1997, [British band Oasis sank a white Rolls-Royce](#) in a swimming pool for its album cover; but the band was itself following in the footsteps of Who drummer Keith Moon, who is said to have plonked a Lincoln Continental into a hotel pool back in the 1970s. We are curious to see whether the Mert & Marcus tribute will trigger a new fad - and the next auction records will be set by by well-watered and chlorinated classics.
