One-off Ferrari F12 to celebrate 50 years of Singapore’s independence

Lead
This year, Singapore hails the 50th anniversary of its independence – and the subsequent economic boom. Fittingly, the Southeast Asian city-state’s Ferrari importer has commissioned a unique Ferrari F12 in celebration...

The Ferrari F12berlinetta SG50 was developed within the framework of the company’s Tailor Made programme. Painted in a new ‘Rosso Singapore’ shade with ‘Bianco Italia’ racing stripes, its livery mimics the colours of both the Scuderia and the country’s national flag. Commemorative flourishes include a Singaporean lion emblem on the headrests, and ‘Singapore 50th Anniversary Edition 1/1’ plaques on the steering wheel and sill plates. It’s not yet known if the car was ordered with a specific buyer in mind.
