[Low-mileage desirables at Silverstone Auctions' Salon Privé sale](#)

Lead

At Silverstone Auctions' forthcoming sale at the annual Salon Privé extravaganza, a number of low-mileage classics will cross the block – including five from a single collection that could almost have come straight from the factory...

The quintet in question includes three Mercedes: a [560 SEC from 1986 with 38,000km](#) (under 24,000 miles), a rare [manual 280 SLC from 1975 showing 16,500km](#) (just over 10,000 miles), and a [280SE from 1985 with only 5,700km](#) (around 3,500 miles). Also included in the group is a [743km \(under 500 miles\) Porsche 911 Supersport](#), and a [1988 Daimler Double Six with 2,390km](#) (under 1,500 miles) – but note, removing the ghastly chrome arch trims from the latter is pretty much obligatory. You can view the full lotlist for the [Silverstone Auctions sale at Salon Privé 2015](#) in the Classic Driver Market.
