Copley Motorcars

An independent 'boutique-style' dealer, [Copley Motorcars](#) prides itself on the fact that it only deals in cars its own employees love. As a result, the variety of stock offered for sale - most of which stars on the company's Instagram account - is eclectic, from Ferrari 250 GT Lussos, to Land Rover Defenders.

An unashamed Porsche specialist (though it does deal with historically significant cars of many different marques), [Road Scholars](#) is as much about restoration and maintenance as it is about simply selling. With locations on both the East and West coasts of America, a quick glance at Road Scholars' Instagram confirms that it's run by true enthusiasts.

Rosier Classic Sterne

German dealer [Rosier Classic Sterne](#) specialises in predominantly German classics, as evidenced by the plethora of Mercedes-Benzes, Porsches and BMWs featured on its Instagram feed. We particularly like the shot of the Mercedes 190E Evolution II taking a bath...

Having not long parted from his father's family business to go it alone, [Tom Hartley Jnr](#) has a discerning eye for the very best classics, as evidenced by his Instagram feed, in which he documents his fast-moving stock. The ultra-rare steel-bodied, ex-Eric Clapton Ferrari 250 GT SWB and the pristine Aston Martin DB4 Volante he recently sold are good cases in point.

Fortunately, many of these shots feature on the dealer's Instagram feed, as well as a few behind-the-scenes photos, of course.
