## [10 perfect starter watches to kick-off your collection](#)

### **Lead**

For those that have sat on the fence, waiting for the right time to immerse themselves in the world of watch collecting, it's time to hop down, because we've pored through the Classic Driver Market and found 10 pieces to start your horological hobby, all priced under 5,000 euros...

As passing interest turns to obsession and thoughts turn into desires, it can be somewhat daunting to take the plunge and dive into that first purchase. Fortunately, the Classic Driver Market holds a bountiful selection of timepieces from myriad manufacturers, and although our selection varies in age, style, and genre, each one serves as an affordable entry point to a most rewarding hobby. From vintage dress watches to contemporary tool watches, let our selection get your cogs turning and maybe even see your wrist adorned with something special...
