[To the British Riviera - The new Aston Martin by Hackett capsule collection](#)

Lead

Were you inspired by our journey to the British Riviera earlier this year? You can find all the tasteful clothes worn by our protagonist Ben Knapp Voith on the road trip in the new Aston Martin by Hackett autumn/winter collection...

Winter is coming

Directly inspired by the shapes, style, and colours of Aston Martin's current crop of sports cars, [Hackett's latest Aston Martin capsule collection](#) comprises 22 tasteful pieces ranging from outerwear rugged enough to withstand the cruellest of winters to formal attire every bit as stylish as the DB11 in which you'll arrive at your meeting and essential leather accessories. We sampled the collection during our journey to the British Riviera, which you can see in this new video.
