If you've got a vacant space on your driveway that needs to be filled, then you're in luck because [Oldtimer Galerie Toffen's Classic Cars and Motorcycles auction on October 15th](#) is brimming with weird and wonderful collector cars. Looking for a top-class grand tourer? Then there's a 1991 BMW 850i that could be well worth your time, and if you need room for four, then you can hardly do better than the 1999 Maserati Quattroporte Evolutione that's up for grabs. If it's a sports car you're after, then you're spoiled for choice with Italian icons such as a 1974 Lancia Fulvia 1.3 S and a 1984 Alfetta GTV 6 2.5 both going under the hammer.

Equally, if you're on the hunt for something with a little more headroom, then a V12 1991 Jaguar XJS and a 1975 Alfa Romeo 1600 Spider offer two fabulous variations on the convertible formula. However, if your primary goal is to turn heads, then you're really in luck. A 1996 speedster-style custom Mini race car would easily earn its fair share of double-takes at your next trackway, while a 2002 Smart Crossblade customised by Ferrari itself would steal looks away from any of Maranello's creations. Whatever you're after, it's safe to say that this auction has you covered, so take a look at our 10 favourites below. Oh, and did we mention these could all be won for less than 30,000 euros?
