## Good things come in small packages, like this Alfa Romeo Giulia Sprint GTA

**Lead**

If you want to get stuck into some historic racing this year, then this stunning 1965 Alfa Romeo. Giulia Sprint GTA 1600 for sale with Weekend Heroes will ensure you look stylish while doing so.

Of all the sports racing cars of the 1960s, the ‘Stepnose’ Alfa Romeo Giulia Sprint GTA — [like this jaw-dropping example for sale with Weekend Heroes](#) — has to be counted among the most attractive. Not only does this beautiful Alfa boast an unbroken chain of ownership from new and period race history, it has also just been fully rebuilt and race-prepped to the very highest standards. Weighing just 729kg in “ready to race” configuration, this little Alfa has already proven to be quite the weapon on track, having won its class at the Peter Auto Sixties’ Endurance at Mugello in April 2022. If you aren’t sold already, we’d like to point out that this example is also equipped with side-exit exhausts; need we say anymore?
