

# CLASSIC DRIVER

## What has six wheels and will cure your Monday blues?

### Lead

This stunning Alpine A110 and matching limited edition MV Agusta Superverloce, that's what! If you're looking for the ultimate bike and car combo, then Kaeve Cars has you covered.

If you want a modern, lightweight sports car that boasts both daily driver capabilities and a timeless design, then you're most probably on the hunt for an Alpine A110. What it lacks in cylinders it more than makes up for with charisma and driving engagement, and this [2018 Alpine A110 Première Edition for sale with Kaeve Cars](#) is exactly how we'd have ours. Number 1,029 of 1,955 Première Editions built, this example shows a mere 120 kilometres on the clock, so if an A110 is on your must-own-list, then look no further.

However, that's not all you'll be getting if you sign on the dotted line for this Alpine, because it comes as a pair with an even rarer super bike. Behold this stunning [MV Agusta Superveloce Alpine](#), built as a tribute to the iconic French sports car in an ultra-limited run of only 110 units. Powered by a 800cc 147 horsepower in-line 3 cylinder engine capable of revving to a stratospheric 13,000 rpm, this MV Agusta can rocket up to 149 mph if you're brave enough to keep the throttle wide open. Finished in a matching shade of Alpine blue, this two-wheeled rocket should easily shake off your Monday blues in the unlikely event that the Alpine A110 doesn't do the trick.
